### LOCAL COMPUTER REPAIR COMPANY HOSTS FOOD DRIVE EVENT

St. Paul, MN – October 21, 2004 – Fast Computer Service Company, a young up-start computer repair company based out of St. Paul, MN, is announcing a upcoming canned good food drive to take place Halloween evening Sunday, October 31, 2004 from 6:00pm to 9:00pm. Matthew Genelin, Owner of Fast Computer Service Company, along with family and friends will trick or treat for canned good donations on behalf of the Midway Food shelf, run by Keystone Community Services.

“We want to show the neighborhood that we are a local resource to help repair computers as well as support the community,” said Matthew Genelin of the event. “We want to spread the message that The Geek Squad is not the only on-site computer repair shop in town.”

The food drive route will cover the Highlands Park and Bredesen Park neighborhoods in affluent Edina, MN. All donations collected will benefit the Midway Food shelf.
