LOCAL COMPUTER REPAIR COMPANY FOOD DRIVE EVENT A SUCCESS

St. Paul, MN – November 15, 2004 – Fast Computer Service Company, a young up-start computer repair company based out of St. Paul, MN, is proud to announce the collection of one hundred and twenty canned goods during their canned good food drive which took place Halloween evening Sunday, October 31, 2004 from 6:00pm to 9:00pm. Matthew Genelin, Owner of Fast Computer Service Company, along with family and friends trick or treated for canned good donations on behalf of the Midway Food shelf, run by Keystone Community Services.

The collections included \$30.00 of cash donations, twenty cans of Campbell's regular and chunky soups, eleven cans of tomatoes, fifteen cans of tuna, fifteen cans of fruit / olives, twenty nine cans of beans and a single can of Spam.

"It feels good to take from one community to give to another in need," said Matthew Genelin of the event. "We want to spread the message that The Geek Squad is not the only computer repair shop in town."

Flyers detailing the food drive event and magnets promoting Fast Computer Service Company were handed out during the event.

The food drive route covered the Highlands Park and Bredesen Park neighborhoods in Edina, MN. All donations collected benefited the Midway Food shelf.
